EXPERIENCE

Full-Stack Developer | E-Commerce & SaaS Systems — Freelancer.com

Mar 2026 - Present | Remote

- Freelance full-stack web developer building production-ready web applications and business websites for international clients.
- Developed and deployed 12+ live projects including e-commerce platforms, dashboards and service websites using React, Next.js, PHP, MySQL, Firebase and custom WordPress themes.
- Handled the complete lifecycle: frontend UI/UX, backend APIs and database design, and cloud deployment (Vercel, Netlify, VPS).
- Integrated Razorpay, PayU LATAM, Yape and PagoEfectivo for e-commerce clients across India, Peru, France, Dubai and Australia.

CLIENT FEEDBACK (FREELANCER.COM)

- "The integration was 100% done, including 3 payment methods adapted to Peru. We went from test to production without problems. Highly recommended, he knows what he is doing."* — Yedi, PayU–WooCommerce integration (translated from Spanish)
- "...did very well... did beyond the expectations, recommending you always."* — Pardeep, React-Node site feature updates

EDUCATION

BCA, Cloud and Cybersecurity — Amity University Online 2024 - 2027 | Noida

Intermediate (XII) — Government Boys Senior Secondary School 2023 - 2024 | New Delhi, India · Science & Math

CLIENT DEPLOYMENTS

Delivered via Freelancer.com — freelancer.in/u/lalit66

Walon Sports — E-Commerce, Payment Gateway Integration (walon.com.pe) — 2025

- Integrated PayU LATAM, Yape and PagoEfectivo into a WooCommerce store with a unified inline checkout and zero redirect friction.
- Handled backend API validation, token-based processing and real-time WooCommerce order status sync on every transaction response.

Biziffy — Business Listing Platform, Google Maps API Integration (biziffy.com) — Mar 2026

- Delivered Google Location & Places API integration with dynamic maps, multi-location markers and Places Autocomplete.
- PinCode validation, GitHub setup, robots.txt & XML sitemap, and VPS deployment on Hostinger using SSH & PM2.

Shakya Enterprises — Custom WordPress/WooCommerce Theme & Plugins (shakyaenterprises.company)

- Fully custom-coded WordPress theme and plugins for an artisan home-textiles WooCommerce store, incl. Razorpay on-site checkout.

Prydelix Technologies — Custom WordPress Theme, Live Chat & Ticketing (prydelix.com)

- Built a custom-coded, responsive WordPress theme with a premium brand look and a conversion-focused layout for business services and product presentation.
- Implemented live chat and a support ticket system with ticket generation and tracking for customers.

Art of Houz — Deployment & WordPress Integration (arttohouz.com)

- Handled hosting, deployment, DNS and domain setup; converted an AI-generated React website into a WordPress-compatible PHP theme with full CMS integration.
- Improved mobile responsiveness, updated logo/content/images, and resolved performance & stability issues.

Wash Experts Car Wash — Website Audit & Fixes (washexpertscarwash.com.au)

- Conducted a full website audit and implemented fixes to improve site performance and reliability.
